Subtotals		

Handwritten Entries - Record Left / Right Subtotals from above in the Subtotals on the entry scoresheet.

Excel Generated Entries - Left / Right Subtotals will automatically be added to the Subtotals on the entry scoresheet if the Hunter name and Category match the entry scoresheet.

Note: This form is only to be used for Non-Typical entries when there are more abnormal points than spaces available on the entry scoresheet. When using this form, all abnormal points must be recorded on this form alone. Do NOT record any abnormal points (other than the Subtotals) on the entry scoresheet. This form must be submitted with the entry scoresheet.
