

# Guided Bird Walk with Fran Kerbs

## Thursday May 21, 5pm

The Wakamow Valley Education Committee invites you to join Fran Kerbs on a guided bird walk through the valley. Take advantage of having an experienced birder guide you through the Valley on a search to view the many birds that call Wakamow home.

We will be meeting at the **Kinsmen-Wellesley** parking lot and as a group will take flight at 5:00pm. Don't forget your binoculars, cameras and bug spray!

**This is a free event but donations are welcome. For more information call 306-692-2717.**

**Fran Kerbs** is a lover of the outdoors, who spends a lot of her time travelling and camping within 300 km of Regina in all directions.

She loves birding, hiking and nature photography, trying to keep a balance between observing bird behaviour and capturing it on camera to share with others.

Check out her many bird movies on YouTube under the name "saskbirder"
