Message from Executive Director - Todd Smith

(Todd, his wife Meagan and son Decklan)

They say that the only thing constant in life is change. Recently, I left a 22 year teaching career with the Conseil des Écoles Fransaskoises (the francophone school board in Saskatchewan) and started in my new role as the Executive Director of the Saskatchewan Wildlife Federation.

I have had the pleasure of spending 16 summers teaching at their Youth Conservation Camp, have been the president of the Moose Jaw Wildlife Federation, and served on the provincial board over the last five years as one of the

directors for Region 6. I look forward to continuing to work with the branches and the board of directors on future projects.

In the classroom, I often integrated SWF programs and resources to promote hands-on conservation principles through projects with my students. They were always very excited to participate in programs such as Fish in Schools, Pheasants in Classrooms, NASP, banding American Kestrels with me at my nestboxes, and my Outdoor Education/Land-based learning program.

All these experiences have been very rewarding and have given me an insight into the programming, history, and heritage of this great federation. I hope to be able to continue the exceptional work of outgoing Executive Director Darrell Crabbe; a man who has left an indelible mark on not only our federation, but on conservation in our province.
